## öKlo Dusche

### Beschreibung

Unsere Our shower is **regionally manufactured**, wind- and weather-resistant, and offers the same comfort as any standard household shower. It is ideal for campsites, festivals, or private gardens.

The cabin is equipped with a skylight, shower tray, single-lever mixer tap, mirror, and coat hooks. A power-operated instant water heater provides water up to 50°C or 38°C in Eco mode.

Freshwater can be supplied via a freshwater tank or direct water connection, while wastewater is directed into **tanks or the sewage system**.

The materials used allow for easy cleaning, even with high-pressure or steam cleaners. Additionally, the well-thought-out design enables space-saving storage when disassembled.

### The following services are always included in the price

- Assembly and disassembly service, if possible
